Marty@camelidynamics.com

Phone: (541) 318-5026 cell: (541) 788-2277

Pre-requisite: 2-day basic Camelidynamics clinic

Cost:

1 person \$375

2 from the same farm \$325 each

Early bird discount \$325 (deadline for payment in full 4/1/2012)

Classes each day 8:30-5:00 lunch included

Learn: to organize your facilities and prepare for shearing • to handle animals from the field to the mat and back again • to assist your shearer or learn to shear on your own • about shearing equipment and how to use it • safe, respectful handling techniques for shearing standing or stretched out • how to hold the shears, make the shearing “blows,” listen to the motor • how to minimize second cuts and SKIN cuts • how to do a show fleece • to manage the flow of fleece • to skirt a fleece • how to shear a llama using hand shears • trim toenails • all about fiber-carding, spinning, knitting AND MORE!

Your instructors:

Tracy Annis Camelidynamics Practitioner uses only Camelidynamics techniques as she shears. Tracy shears both llamas and alpacas in the southwest. She has been involved in the Camelidynamics practitioner program for six years.

Marty McGee Bennett brings a variety of experience and qualifications to her work with camelids, including a B.S. degree in Animal Behavior. Marty's combination of TTEAM (the work developed by Linda Tellington-Jones), with the principals of Animal Behavior, balance and leverage and a second sense with both camelids and people make “Camelidynamics” the world's most popular, and enduring training/handling system for camelids.
